From our base in Marina Baotić, Trogir you'll be right in the heart of a wide variety of islands, old towns, protected parks and some of the best cruising on the Adriatic. The peak summer months for a Trogir yacht charter are July and August. That's when the days are sunny and hot and the water temperatures are ideal for swimming.

The locals love to explore the coast during the months of May and September. The skies are sunny, the temperatures are cooler and there are fewer crowds.
