

Base Guadeloupe

Access to our office and pontoons is now secured by an electric gate managed by the marina office and working with a badge.

The gate is closed week days from 18h00 (06:00 pm) to 07:00 am, as well as all weekend.

Any client arriving out of opening hours of base/gate will not be able to board. Our transfers are now mandatory during closing hours, our taxis having an access badge.

Alternate version:

Please Note: The gate providing access to Dream Yacht Worldwide's office and pontoons is closed on weekdays (Mon.-Fri.) from 1800 to 0700 hours and onweekends.

This gate is now electronically secured and managed by the marina office. It can be opened only with a marina-issued security access card.

Any unaccompanied client arriving at the gate (to reach our base) outside of normal operating hours will be unable to board. Since transfers now must occur when the security gate is closed, we use taxis that are equipped with a security access card
