ENVIRONMENT

- Respect your surroundings and leave only footprints in the sand
- Only use the engine or genset when needed (fill up your tanks for the water maker at the docks when you can)
- Recycle your garbage in the correct containers at the marina
- Respect regulations around marine reserves and private islands where disembarking is not permitted

FEW TIPS

- Soft luggage that you can fold or roll - hard suitcases are difficult to store in your cabin and there is nowhere to store them on board
- Reef-friendly sunscreen and sunscreen
- Waterproof bags to protect your money, cameras and phone
- Take light clothes and remember that you will often be near water! Don't forget to bring several swimsuits, hat, sunglasses and an extra beach towel (even if towels are provided)
- As per the footwear, you will be barefoot on board most of the time, so pack a single pair for going ashore and water shoes for the reefs
