## AREA GUIDE

---

### LOCAL AREA INTRODUCTION

New Caledonia in the Pacific Ocean is home to the world's largest lagoon and a beautiful and unique natural aquarium, which is UNESCO-protected. This is an idyllic vacation destination if you love nature and water sports such as diving, snorkeling and swimming.

Today, New Caledonia is a self-governing territory of France and has an incredible mix of ethnic groups, traditions and customs. The region's blend of Melanesian and French culture, enhanced by Polynesian and Asian influences, creates an exciting yet harmonious lifestyle which you'll get to explore by sailing New Caledonia.

We were the first charter company to bring this exciting cruising ground to the market, establishing the largest fleet in the region. Sailing New Caledonia starts from our base in Nouméa, New Caledonia's capital, which has striking French cultural influences.

## **TOP THINGS TO DO IN NEW CALEDONIA:**

1. Visit a vanilla plantation: Sail to the quiet Pacific island of Lifou and visit an authentic vanilla plantation. New Caledonian vanilla is known for its excellent quality, and here you can learn about its history and production from one of the island's many producers.
2. See the Oumagne Grotto: Oumagne Grotto, better known as the 'Cave of the Queen', is located on the north end of the Isle of Pines (Île des Pins) and a visit here is among the top things to do in New Caledonia. Hidden among lush tropical plant life, this grotto is a geological wonder and paradise of flora and fauna, complete with a mysterious legend.
3. Relax on Luengoni Beach: If you are sailing for longer, head to the Loyalty Island where you'll find one of the region's most beautiful beaches with its lush vegetation, white sand and limestone grottos and caves. Hidden treasures await here, including an underwater cave and sinkholes called 'the jewels'. **In case you plan to visit the Loyalty Island, you must inform the Dream Yacht Worldwide at least 5 weeks before your charter, as the company needs to request the permit from the local authorities for you to visit those islands.**
4. Experience a traditional outrigger canoe: While sailing New Caledonia, head to the beautiful Isle of Pines and take an excursion on one of the island's mélanésienne pirogues, a traditional Caledonian outrigger canoe.
5. Get to know the Kanak tribes: Immerse yourself in local culture by spending time learning the Kanak's tribal customs on the east coast. You can meet the tribe by offering a small token to the chief, such as some money or sarong. You can even sleep in a hut and prepare Kanak meals.

**CURRENCY:** Pacific franc (CFP)

## **CUSTOMS CLEARANCE**

For sailing New Caledonia, make sure your documentation is in order to travel, including a valid US passport. US citizens do not need a visa for a stay less than one month.

Talk to us to make sure you have the correct documents before you travel.

## INTERNET

Internet access is available at our marina. A router for onboard Wi-Fi can be rented for your charter. Cell phones can work depending on zones but don't forget the roaming fees! There is internet access via cafes and Wi-Fi hotspots, but you may need to pay and speeds may vary.

## ENVIRONMENT

- Respect your surroundings and leave only footprints in the sand
- Only use the engine or genset when needed (fill up your tanks for the water maker at the docks when you can)
- Recycle your garbage in the correct containers at the marina
- Respect regulations around marine reserves and private islands where disembarking is not permitted

## REGULATIONS

Night sailing is permitted only with the base manager's agreement. All moorings are explained during the chart briefing and reported on maps given for your yacht charter in New Caledonia.

Information subject to change without notice.

## SAILING CONDITIONS

### SAILING AREA

The archipelago of New Caledonia, south of Vanuatu, boasts one of the world's most extensive reef systems with a diverse range of healthy coral and marine life, including whales, turtles and tropical fish. It also features the planet's second largest barrier reef and longest continuous reef, at 994 miles long.

The enormous lagoon covers approximately 9,300 square miles, making it one of the most remarkable and beautiful sailing destinations you can visit. It has a warm, sunny climate that is cooled by the Pacific Ocean's trade winds.

Nouméa is a cosmopolitan city, which feels much like the French Riviera although it sits thousands of nautical miles away in the South Pacific. Colorful waterfronts are lined with bars, cafes, restaurants, and nightclubs. It is an ideal place to stock up on superb French gourmet food and wine before hoisting sail to the other beautiful destinations on your New Caledonia boat hire.

The city is within easy reach of the south lagoon where you can sail Îlot Maître, Île des Pins (Kuto Bay), Île Ouen (Turtle Bay), Îlot Brosse and Ilot Kuaré, as well as see the Amédée Lighthouse.

## **WEATHER**

New Caledonia has a tropical climate and the weather is spring-like year round. The most popular time to visit is September through December, when temperatures are the mildest and rainfall is low. Average temperatures are between 68°F and 89°F depending on the season.

Winter falls between the beginning of June and the end of September, with an average temperature around 75°F.

## **TEMPERATURE**

Climate in Nouméa, New Caledonia:

- Summer high: The January high is around 84°F
- Winter low: The July low is 63°F

## **WIND SYSTEMS**

New Caledonia has southeast trade winds most of the year blowing an average of 15 to 18 knots in winter and 18 to 22 knots in summer.

Some areas require a good knowledge of sailing, while others are to be avoided without a skipper. Sailing to Vanuatu and Loyalty Islands (Iles Loyaute) is possible if you agree with our base team in advance.

## **LOCAL FORECAST**

You can find New Caledonia weather forecasts on the **Meteo** website. Météo France forecasts are listed at the harbour master's office and marina station from 7:30am. Special announcements are broadcast in case of cyclones or tropical waves, and a special colored flag is raised on the mast of the harbour master's office. Nautical weather forecasts are broadcast every day at 6:30am, 9:30am, 3:15pm and 6:30pm.
